

Right Start For Kids®

From Delta Dental of Colorado

Did you know that cavities are the most chronic childhood disease? Cavities are five times more common than asthma. Children with pain from tooth decay typically miss more school and have lower grades than their peers, not to mention the lost work hours for parents. But cavities are nearly 100% preventable, and it's easy to protect your child's oral health and ensure better overall health.

RIGHT START 4 KIDS (RS4K) FROM DELTA DENTAL OF COLORADO is a unique plan feature that removes most of the cost barriers to dental care by providing coverage for children up to their 13th birthday at 100% coinsurance for covered diagnostic & preventive, basic, and major services, with no deductible, when in-network providers are seen.* If an out-of-network provider is seen, the adult coinsurance levels will apply. Orthodontic services are not eligible for the RS4K 100% coverage level.

Want to learn more about your child's oral health and why it's so important to take care of it from an early age? Go to the Oral Health & Wellness page on our website at deltadentalco.com/wellness.
