Announcing a vision plan with teeth...

## Delta Dental of Virginia and VSP® Vision Care are partnering to offer DeltaVision®.

**DeltaVision** means flexible, quality benefits from partners you can trust.

With more than 50 years of experience administering award-winning dental benefits, it's no surprise Delta Dental of Virginia customers stay with us 10 years or more.

VSP is consumers' #1 choice in vision care.\* For more than 60 years, VSP has offered world-class products and services to eye care professionals, employers and more than 88 million members worldwide.

While dental and vision benefits are natural complements, DeltaVision® is going one step further by offering benefit enhancements that keep your family happy and healthy:

- KidsCare: Geared specifically toward children, because children's eye care needs differ from adults, and
- Suncare: Providing benefits that cover the cost of non-prescription sunglasses.

By adding DeltaVision to your Delta Dental benefits, members get **best-in-class dental** and **best-in-class vision** in one complete package.
