

Exclusive Panel Option A Feature of Delta Dental PPOSM

HOW DOES AN EPO PLAN WORK?

EPO Plan = PPO Provider Network

If you choose the EPO dental plan, you must see a PPO provider in order to receive benefits.* **If you receive treatment from a non-PPO provider, you will be responsible for all fees charged.** Of course, with more than 2,200 PPO providers practicing across the state, you have many choices.

- ▶ When looking for a provider using our Find a Dentist online tool, limit your search to PPO providers.
- ▶ PPO dentists submit claim forms directly to Delta Dental of Colorado.

With this EPO plan, you are responsible for only a portion of the cost of each procedure. You can determine your coinsurance by looking at your explanation of benefits or by contacting our customer service department using the information below. You will be billed only for your portion of the cost after each procedure instead of having to be reimbursed.

Remember, it makes sense to find out how much your portion of expensive procedures will be, so ask your provider to submit a pre-treatment estimate. Delta Dental will review the treatment plan and tell you exactly how much you are responsible for. This way, you will have a clear understanding of your cost before you decide to proceed with the treatment.

****Please note that if you are in the middle of orthodontic treatment and your provider is not in the Delta Dental PPO network, your treatment will not be covered under the EPO plan.***
