

Exclusive Panel Option A Feature of Delta Dental PPOSM

HOW DOES AN EPO PLAN WORK?

EPO Plan = PPO Provider Network

If you choose the EPO dental plan, you must see a PPO provider in order to receive benefits.* **If you receive treatment from a non-PPO provider, you will be responsible for all fees charged.** Of course, with more than 2,200 PPO providers practicing across the state, you have many choices.

- ▶ This EPO plan is only for dentists in Colorado.
- ▶ When looking for a provider using our Find a Dentist online tool, limit your search to PPO providers.
- ▶ PPO dentists submit claim forms directly to Delta Dental of Colorado.

Your EPO plan payments are based on a copayment schedule. Dentists submit codes to identify the services performed, and those codes determine which copayment applies. You are responsible for your copayment at the time of service. A list of codes along with the corresponding copayments can be found in the benefit booklets posted on your employer's website or that you received in the mail.

Remember, it makes sense to find out how much your copayment for expensive procedures will be, so ask your dentist to submit a pre-treatment estimate. Delta Dental will review your dentist's treatment plan and tell you exactly how much you are responsible for. This way, you will have a clear understanding of your cost before you decide to proceed with the treatment.

****Please note that if you are in the middle of orthodontic treatment and your provider is not in the Delta Dental PPO network, your treatment will not be covered under the EPO plan.***
